

# Outpatient Rehabilitation Programs

Bancroft offers a broad array of outpatient treatment services and therapies for adults with acquired brain injuries. A transdisciplinary rehabilitation team provides coordinated treatment, family education, and family training. Rehabilitation therapies can also be offered in combination with a full day treatment program.

## Services Provided

An individualized treatment plan is developed to meet the unique goals of each person served. This plan is flexible and updated regularly. Staff support is available to supervise self-care, transfers and eating as needed.

### Rehabilitation Services

- Occupational Therapy
- Physical Therapy
- Speech Therapy
- Cognitive Rehabilitation Therapy

### Vocational Services

- Pre-Vocational Cognitive Evaluation

### Psychological Services

- Neuropsychological Assessment
- Individual Psychotherapy
- Family Therapy

## Funders

Bancroft Brain Injury Outpatient Rehabilitation Services are funded by private health insurance, automobile insurance, Workers' Compensation, the New Jersey TBI Medicaid Waiver, the New Jersey Traumatic Brain Injury Fund, and the New Jersey Division of Vocational Rehabilitation.

## Program Description

Led by a team of experienced clinicians, our outpatient services take a goal-focused approach to helping individuals with acquired brain injury work toward complete reintegration.

## Mission Statement

Bancroft's mission is to ensure that every person is given opportunities for lifelong learning and fulfillment.

We do this by altering perceptions, and by supporting those with intellectual and developmental challenges and acquired brain injuries in achieving their life goals as valued and respected members of our world.

## Leadership

### Cynthia Boyer, Ph.D.

Senior Clinical Director  
Bancroft Brain Injury Services

### Renee Vala

Senior Operations Director  
Bancroft Brain Injury Services
