 One world. For everyone.

BANCROFT.ORG

Based on the principles of Applied Behavior Analysis (ABA), the Bancroft Preschool & Early Education Program incorporates academic, social and physical development with evidence-based behavioral, medical and emotional support – in a new, expanded location that enables Bancroft to provide its all-encompassing educational program to children with a greater variety of physical, behavioral and medical needs than ever before.

Program enhancements include:

- **Larger space** to allow for greater movement and activity, and accommodate students with more diverse physical and medical needs.
- **Gross Motor Room** with sensory equipment to foster students' skills and abilities, and provide a quiet, calming environment for students.
- An **autism-friendly design** with wide hallways, large classrooms and plentiful recreational space informed by the success of the Welsh Campus.
- **Enhanced outdoor recreation** with an adaptive playground to support structured activities and encourage exploration, play, and socialization.
- **Expanded curriculum** for in the areas of life skills, water safety, health and physical education and creative arts.
- **Integrated clinical treatment** by experienced and credentialed clinicians, including ABA, Occupational, Physical and Speech Therapy.
- **Integration of technology** and staff to empower student communication, engagement and participation.
- **Expanded collaborative learning** opportunities for parents, children, educators and the community.
- **Peer-to-peer social skills** and enhanced transitioning skills development, and a new transitional program for 11-year-old students who will graduate to The Bancroft School.
- **Planned community outings** and experiences to further develop social skills and enhance learning.

NEW LOCATION
